Our metal paints are specially formulated to form a tough barrier that resists knocks and scrapes, maintaining a beautiful finish for longer.

Unlike conventional paints, Hammerite can be applied directly onto metal without using a primer and undercoat first.

The longer water sits on a painted surface the more chance it has to penetrate. Hammerite sheds water.

MULTILUBE GEL

CRC Multilube Gel is a unique synthetic penetrating gel specifically formulated to provide a clean, odourless lubricant for high-pressure and high-temperature applications. It contains friction modifiers, anti-wear additives and tacking agents, does not drip off or fling off at high speed and resists hot and cold wash-off for long-lasting protection.

PENETR8 HI SPEED PENETRANT

CRC Penetr8 is an industrial strength, low viscosity lubricant and penetrant designed to quickly loosen and free seized, bound or frozen fasteners. CRC Penetr8 quickly permeates rust, scale, gum, grease and corrosion with a low surface tension liquid penetrant formula. It creeps into cracks, seams, threads and joints with great efficiency and leaves a thin non-drying colourless film with outstanding lubrication and corrosion inhibiting properties

Dirty Dog safety sunglasses are the ultimate in safety eyewear protection. They are super strong yet lightweight and are designed for maximum comfort and protection from physical hazards and glare. All Dirty Dog safety sunglasses have a scratch resistant lens coating and come with a microfibre pouch that doubles as a cleaning cloth. They are the perfect sunglass for use on the work site or even on your days off.

Dirty Dog Safety Sunglasses meet the Medium Impact requirements of the Australian/New Zealand Standards AS/NZS 1337.1:2010 Eye Protector for Industrial Applications and have been tested by a National Association of Testing Authorities, Australia member in accordance with NATA requirements.

Bobcat 265X ArcReach

Get the dependability and reliability Miller is known for with the Bobcat 265X

Miller

Multi-process engine driven welder – 265A at 27V, 100% duty cycle. Pair the Bobcat™ with an ArcReach® accessory and make parameter changes at the weld joint. New LCD screen with pre-set parameters provides faster easier set up for welders of all skill levels. Save space & weight on your truck. The redefined Bobcat 265X is over 50kg lighter and 13% smaller than the previous model. Easily turn your Bobcat engine on or off remotely to reduce idling time, fuel costs & jobsite noise. Access predictive maintenance information and pre-plan service times, plus easily monitor machine usage.

tradezone.co.nz

We are a fair-minded company and try to exceed the requirements of the "Fair Trading" legislation. Prices are current for the period promoted on the front cover. Stocks are not always available in all stores all the time, but we will try our best to obtain more or equivalent substitutes. Errors and omissions are rare but can happen, so we apologise and try to take all reasonable measures to fix the any issues for you.
